product samples  
available on our  
trade counter  
NOW!

See for yourself the difference we make and understand more about our unique 15 year product guarantee.

Make sure you ask to see a sample next time you're in.

## It's time to get busy in the garden

Now all the vegetation has died back this is a great time of the year to get access to your boundary fencing and make sure its ready for the year ahead. Check for loose fence posts and damaged panels and get them sorted now. If everything looks sound, make sure you apply timber preservative to extend the life of your fencing even more.
